

# Rooting 2020

## 9<sup>th</sup> International Symposium on Root Development

University of Nottingham

22-25<sup>th</sup> June 2020

### Sessions:

1. Hormones and root system architecture
2. Root morphogenesis
3. Responses to abiotic constraints
4. Nutrient and water uptake
5. Root biotic interactions
6. Grafting / re-generation
7. Root phenomics

### Invited speakers include:

Anna Amtmann (Glasgow)  
Xavier Draye (UC Louvain)  
Caroline Gutjahr (TUM, Munich)  
Karin Ljung (SLU Umea)  
Jonathan Lynch (Penn State, USA)  
Charles Melnyk (SLU Uppsala)  
Bert de Rybel (VIB Ghent)
